1.1 How to Use This Report

This report contains a lot of detail about this building. You can use this report in different ways depending on the level of detail you need. The first section, the executive summary, is a high-level overview of the building’s performance. It contains basic metrics by category. Read this section if you need a general understanding of the building’s performance or its relationship to other buildings. This section answers ‘how.’ How is the building performing from the occupants’ perspective.

Section two contains information at the question level. Here you can get specific information about the drivers behind the building’s score in a particular category. You can also find information about occupant responses to a particular question. This section answers ‘what.’ What is contributing to this level of perceived performance?

Section three contains information from and about the occupants. This is where you look for demographic information and information about how occupants use the building. You can also find comments from occupants in this section. This section answers ‘who.’ Who is using the building?

One of the most powerful uses of this report is diagnostic. The survey report gives you information about what’s going right (or not so right) in your building. With this information you can make informed decisions about how to improve your building’s performance.
